During a recent developer Q&A, Splitgate developers announced that they are working on an update that will bring Splitgate to Xbox Series X/S and PlayStation 5. We don't know much else at this point, and there is no release window announced, but we expect the Splitgate upgrade will have a smoother framerate than the Splitgate PS4 and Xbox One versions have currently. 1047 Games also mentioned possibilities of versions on Switch, Mac, and mobile, but the studio hasn't begun any work for such versions yet.

It is worth mentioning that years ago a referral system was available in the game, but it is currently no longer in use. For this reason, and due to the large number of scams that surround the idea of getting free robux on Roblox, We recommend you to walk with a thousand eyes and never give your data to anyone, since it could be a deception. You could set up a private party in Roblox's dedicated space, which can almost feel like a virtual rave. But I'd expect that more Roblox birthday parties look like a bunch of friends opening up the app, partying up, and just jumping from game to game and world to world right from the launcher. In the span of an hour, you can hop through all kinds of different experiences because the app loads everything really quickly, which means it's pretty easy to replicate the chaotic energy of a real kids' birthday party.

Developers can make money by selling things like items, cosmetics, or avatars (often in their own in-game stores

similar to those in mobile apps) in exchange for Roblox's in-app currency, Robux. And it seems like some of the most successful games can pay out nicely, once they've reached critical mass. Roblox says over 1,250 developers earned at least \$10,000 worth of Robux in 2020, and over 300 of them earned \$100,000 or more.

With the required skill and your imagination, you can put this immersive creation engine to good use by producing engaging games.

The process is largely the same for making a T-Shirt, but be sure your design fits within the Roblox standard template before upload. These have a lower minimum Robux price but tend to be more popular because of it.

If you want to redeem them, sign in to your account, then click on the item you want, then click the "Get" button, which will bring up a prompt. Both Roblox and Fortnite have made plenty of recent headline-grabbing attempts at said experiences. Interactive sponsored worlds have been created as in-game events, supporting the releases of Hollywood blockbusters Ready Player One, Spider-Man: Homecoming and Star Wars: Rise of Skywalker, replete with Easter eggs and exclusive trailers. In February, Fortnite hosted a film festival screened on in-game cinema screens. Artists such as Weezer and Ava Max have held album listening parties, and the likes of Travis Scott and Lil Nas X have performed in-game concerts.

Again, to really hammer it home, here is what the Roblox Company say on their support page:

Roblox has been around for a long time now, and the community has just grown stronger over the years. There are numerous Roblox games out there, each offering a unique gameplay experience, and some of them are insanely popular with over 500k players playing the game on a regular basis.

"Once all info is submitted and the magic "Do things now" button is pressed, it delivers the well-worn trick of popping a fake box claiming things are happening behind the scenes. Secret, hacker-style things working their magic on Roblox servers ... All you'll get for your troubles is your personal information added to marketing databases via the survey links."

Until recently, though, I didn't really understand what Roblox actually was, despite the app having been around since 2006. (Just to give you an idea of how long that is in tech years, the App Store for iOS launched in 2008.)

So I spent some time in the world of Roblox to help explain what all the fuss is about.

When Robux are spent in a game the developers will get a cut and this is how they make money. Almost every game will have something you can buy with Robux and they do a great job of highlighting these within games making it very easy to spend, spend, spend. We'll discuss how to get Robux later on but keep in mind that if your kid is playing Roblox they will almost definitely start asking you to buy them Robux from the offset.

In Roblox, in the span of 15 minutes, you can easily check out a handful of games in just about any genre you can think of. In a popular third-person horror game called Piggy, I had to flee from a terrifying pig wielding a baseball bat. One of the top Roblox genres is "obbys," short for "obstacle courses," where you have to navigate precarious platforms and avoid, well, obstacles. I even found a clone of Counter-Strike called Counter Blox.

The games themselves are usually kid-friendly, although some can be scary, and the chat filters in every game do a great job of filtering out any language that could be deemed offensive for younger eyes.

The Portal-meets-Halo arena shooter Splitgate is perhaps the biggest gaming industry success story of 2021.

After languishing for two years, Splitgate found major success recently. The free-to-play game has been downloaded more than two million times so far and has received almost universal acclaim. Now there is more good news for Splitgate fans on console, as the studio has announced the game will have its own upgraded version for current-gen consoles.

Against the field of contenders vying to lay claim to the emerging Metaverse space, Ball believes Roblox "has, by far, the most robust and multi-faceted economy."
